

**BECOME THE WIND BENEATH OUR WINGS
IN ALL PHARMACEUTICAL AND DRUG-RELATED ISSUES.**

We are looking for a
QP / Qualified Person / Souseki (m/f/x)

Location: Yokohama
Starting: at the next possible date

YOUR NEW NEST:

THE FORCE builds companies for companies in the healthcare, pharmaceutical, and medical devices sector.

We encourage work in a flexible surrounding and as a diverse group when it comes to gender, nationality, religion, and ways of working. This unique culture is aimed to integrate employees and partners seamlessly into one organization.

Likewise, this organization shall easily adapt to customer organizations. Our unique way of operation will release THE FORCE to solve customer problems in a fast, effective, and efficient manner.

In all of this, people are and will be at the center of our attention, and the most valuable asset we have: People are our strength. They make us THE FORCE.

THE FEATHERS IN YOUR CAPS:

- You've been successfully certified as a pharmacist in Japan.
- You've got 3+ years of experience related to quality control or post-marketing safety control of pharmaceutical products, or other similar work in Japan.

- You possess strong analytical thinking and problem-solving skills.
- You don't get your feathers ruffled when it comes to taking on tasks that aren't directly related to your position because your team needs your help.
- Your fluency in Japanese allows for a smooth communicate with the team. Basic knowledge of English is a plus.

THE TASKS YOU'LL TACKLE WITH YOUR WISDOM:

- You perform the responsibility of a Qualified Person (QP) / Soukatsu Sekinsha according to Japanese regulation.
- You establish GQP and GVP in-house to be granted or maintain the manufacturing and selling licenses for Class 1 pharmaceuticals, Class 2 pharmaceuticals, quasi-pharmaceutical drugs, and possibly cosmetics.
- You monitor Japanese GxP status as well as manufacturing and testing of medicinal products – always with regard to the respective guidelines.
- With an eye for detail, you take care of market releases of batches before they're placed on the market, maintenance of the ongoing release register, and annual preparation of PQRs.
- You handle the tasks of the responsible person for narcotics.
- You take care of the approval of qualification and validation measures.
- You carry out internal and external audits with vigilance.
- You act as a contact person for authorities and customers.
- You provide advice and support for colleagues as well as customers in all pharmaceutical and drug law related issues.

NO MATTER IF EARLY BIRD OR NIGHT OWL:

You are flexible in your working hours, your location, and your work itself. You will also have a big say in what exactly you and we are aiming for. But above all, we are interested in you as a person and focus on your specific talents.

We are looking for that certain something – and will give it to you in return. Odd bird, crazy goose, or wise owl? We welcome birds of all feathers!
